WEEKLY REPORT
Summer Internship 2025

Student Name: **Sneh Shah**   Roll No : **22IT140**   Week No: _____1_____

Duration: __**19ᵀᴴ MAY**__ : ____**25ᵀᴴ MAY**____

Company Name: **Sunny Scientific Enterprise**

Project Name: **Full Stack Software Development**

Summary of Work done the week (Attach supporting Documents):

- Completed the internship induction and got familiarized with the work culture of **Sunny Scientific Enterprise**.
- Had initial discussions with the **Founder (Ms. Bhagya Shah)** and the technical team to understand project requirements.
- The scope of work was defined: (i) design and develop the **official company website** for clients, and (ii) build an **inventory management solution** for admin and internal users.
- Conducted requirement gathering sessions to understand what functionalities were needed in the inventory system such as **chemical database, safety monitoring, QR code generation, task management, and notifications**.
- Designed preliminary **wireframes and mockups** of the company website homepage and service pages using **Figma**, which were reviewed by the mentor for improvements.

Plans for next week:

- Start frontend development of the company website using **React.js** and **Tailwind CSS**.
- Build navigation bar, header, footer, and homepage layout as reusable components.
- Ensure mobile responsiveness from the very beginning of design
